

Accessing WhatsApp on your desktop

1. Installation:

- On Windows 10 install WhatsApp app from Microsoft Store
- On Windows 7 go to <https://www.whatsapp.com/download/> to download and install WhatsApp on your computer.
- For all other platforms open <https://web.whatsapp.com/> on a web browser to use the web based version.

2. When prompted, use the QR scanner within WhatsApp to scan it. To do so, open WhatsApp on your phone.

- On Android: in the Chats screen > More Options > WhatsApp Web.
- On iPhone: go to Settings  > WhatsApp Web .

Log out of Desktop from WhatsApp

1. Go to WhatsApp on your phone > Settings or Menu.
2. Tap WhatsApp Web > Log out from all devices > Log out.
